

**RECOGNIZING & PROMOTING
BUSINESS EXCELLENCE**
since 1987

December 2015

Congratulations! **Associate Foot Specialists Clinic** has been selected as the 2016 Consumer Choice Award winner in the category of **Podiatrists - Foot Clinics** for Southern Alberta.

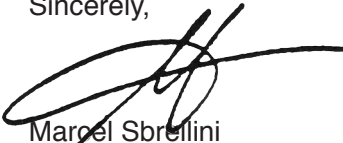

Through an independent market research survey, the consumers and businesses in your community have selected you as the top-ranked organization in your industry. You are now part of a very select group of business owners and entrepreneurs recognized for their business excellence in the GCA.

Since 1987, Consumer Choice Award (CCA) mission has been to recognize and promote businesses excellence. Our national brand is present in 14 Canadian cities and is the most recognized business excellence award across Canada. Please visit our website at www.ccaward to find out more.

Your competitors can easily replicate most marketing initiatives, making it difficult to break through the noise and reach consumers. However, this award offers a special opportunity to only the top-ranking businesses in a given industry. Therefore, CCA is uniquely positioned to help your company stand out! We offer a variety of exciting marketing programs that can be tailored to your unique goals.

Please join us for either one of the Winners' Circle events happening next month to learn about our exclusive marketing platform and how it can benefit your company.

Sincerely,

Marcel Sbrellini
President
